

**Grammar Focus**

Choose the correct relative pronoun

1. The park, \_\_\_\_\_ is located in the city center, is a popular spot for tourists.
2. The activist \_\_\_\_\_ started the campaign is working on a new project.

Match the vocabulary with the correct definition

1. Pollution
  2. Renewable Energy
- a) Energy from sources that are not depleted when used
  - b) The presence of harmful substances in the environment

Write a 150-word essay on an environmental issue you feel strongly about. Use at least three relative clauses

**Example:**

Climate change, which affects people all over the world, is caused by the burning of fossil fuels. In my city, air pollution, which is mostly from cars, is a major issue. We need to invest in public transportation, which could reduce emissions significantly.
